Data Submitted (UTC 11): 1/22/2021 5:04:27 PM
First name: Micah
Last name: Wilson
Organization: IZ Ranch
Title: Ranch Manager
Comments: The IZ Ranch opposes the directive of Chap 10 section 11.52 that turns over monitoring and on off dates of private land within permits to the USFS. Many permittess have significant land holdings with in permits that have on off dates. The management of these private lands with permits need to be the responsibility of the private land owner not the USFS
