Title:

Comments: I am in support of limiting shooting in the area. I have been hiking many times on trails and have found shells and damage from bullets. Once I was hiking on a well designated trail and someone was target practicing towards me. Bullets zinged by 20' above my head, i was terrified. Many times I have been driving on Rampart Range Road and have felt scared seeing people standing on the road and shooting targets. This is a great proposal to make our Forests safe.
