Title:

Comments: I am a summer resident of the Deer Creek Valley (Highway 43) and a full-time resident of Golden, CO. I fully support developing more shooting ranges on the front range that are capable of supporting 100+ yards rifle lanes, shot gun clay lanes, and pistol lanes. Specifically, I support formally developing the Harris Park shooting range AND limiting target shooting in other parts of the national forest. I believe strongly that people need a place to safely shoot firearms, and I would prefer those locations to be limited to formal ranges, rather than dispersed throughout national forest areas. In addition to the Harris Park Range, I would like to see the formal development of other ranges in close proximity to the front range in order to spread out use over multiple locations.
