First name: Steven

Last name: Brown

Organization: MCVFD

Title: Fire Chief

Comments: I am the local Fire Chief that lives in West Creek 1 mile from the proposed shooting range. I have responded to at least 70 fires and medical calls over the last decade to this proposed shooting range. The site is within 1 mile of multiple home subdivisions, West Creek and Trout Creek. I will list the reasons I reject this proposal. Noise, Safety, Not Supervised by anyone, Wildfires, Car fires, Suicides, Night Shooting, Stray Bullets, 1 Known Fatality of a camper from a stray bullet from this location, EPA issues, Citizens and Homes at risk to these issues and homes worth at least 25 Million at risk. Traffic and roads not designed to handle increased public traffic. This Turkey Tracks location is not suited to handle these issues listed. I can attest to these issues and provide a tour to any USFS employee upon request.
