Comments: There have been restrictions on where shooting can occur for years. Despite this unsafe and illegal shooting has increased. I often feel unsafe when doing scientific research in the foresy because of shooting in my direction. THERE IS NO ENFORCEMENT OF CURRENT REGULATIONS. If I call the sheriff I get no help (jurisdiction excuses) ii. If I call the Forest Service I am told to call the sheriff.

Why make more rules when current rules are not or cannot be enforced. Will there be increased resources for enforcement? Sbooters obviously cannor/will not police themselves.
