Title:

Comments: I mountain/gravel bike regularly up on Gold Camp and Old Stage Road. As a solo female, it's disconcerting to ride past all the dispersed shooting. It's a free for all. I have made an effort to be off the road earlier in the morning, or ride on non-weekend days in order to avoid all the shooting. It's loud and takes away from being in nature. There's casings, beer cans and trash everywhere. It's bad for the environment and I worry about my safety when riding past people who are shooting wherever they please. I fully support regulating this because it's clear that we can't take care of it without regulation. Having a designated shooting area would greatly improve the situation for people who aren't shooting as well as the environment, and would still provide shooters the opportunity to participate in their hobby. Thank you for addressing this issue.
