Comments: I think a dedicated shooting area is a good idea. I'm not so sure that the Turkey Track area is the best location. I also think most of the shooters that go there to shoot are from the Colorado Springs area and we can build a shooting area much closer to them.

I still think that a lot of the problems with people trashing shooting areas is the lack of law enforcement. No matter what is created for a shooting area or range, it will still have to be policed and taken care of. If Turkey Track area had been policed and some of the people leaving trash would have been ticketed or treated as if they shot a bighorn sheep, we wouldn't be having this shooting problem on public land.

Thank you.
