Comments: I fully support this project. I am the Firewise leader for a 6 mile stretch of road along the Wenatchee River. There are numerous private roads along this 6 mile stretch. We are surrounded by National Forest land that has been neglected for years, making our neighborhood an extremely high fire risk area. Private owners do what they can, but the miles and miles of unhealthy forest need attention.

The Upper Wenatchee Pilot Project is a huge step in the right direction.

My thanks to everyone involved in making this happen.
