Title:

Comments: Please keep this range open. The volunteers are wonderful and keep things clean and safe. We avoid the ranges in the city and drive an hour just to be outdoors surrounded by woods and not feel boxed in. We love and appreciate this shooting range and would be very disappointed if it got shut down! Thank you and I hope you choose to keep it open. We clean up after ourselves and the times I've been there as a group collectively take trash ours or others and everyone works together to keep it nice. As long as we continue in this manor I don't understand why the need to threaten this location is necessary. Thank you for keeping it open.
