Title:

Comments: We are specifically addressing South Platte Ranger District, along NFSR 108.B off of NFSR 108 north of Harris Park. We support having safe designated shooting Areas. However the one in Harris Park is consistently littered with trash, both ammunition and target related, as well as just general garbage such as old tires, paper, bottles, cans etc. We hope, and expect, that with this new management system designating shooting ranges will be cleaned up and kept in proper conditions. As a management tool I would suggest if the area cannot be kept trash free then it should be closed down until the people using the shooting range get it cleaned up and keep cleaned.

Thank you for letting us respond.

Mark and Marcy Guthrie
