First name: Alexandra

Last name: Malecki

Organization:

Title:

Comments: When I recreate in Pike National Forest and see "no shooting" signs (amongst every other sign) penetrated by bullets, I don't feel confident that this recreational group is being respectful of the other user groups. Given the inherent risk to livelihood, I support decreased privileges for the recreational gun group. If there was a more regulated approach that would still permit responsible gun owners to recreate, I would support that.
