First name: Curt

Last name: Piephoff

Organization:

Title:

Comments: Greetings, I would like to go on record as stating I want NFSR 528G to remain open and the other six shooting ranges constructed. Teaching my family firearm safety and hunter education are essential survival skills, enjoyable time together as a family, and a core part of American heritage.

Please keep our land available for this very necessary purpose. Thank you for your time, respectfully, the Curt Piephoff and the Piephoff family.
