Title:

Comments: My family and I enjoy shooting and have used the Turkey Creek area several times. I was appalled at the trash and debris that has been left by other shooters. Unfortunately there are irresponsible, trashy people that do not care about the environment just about everywhere. We see the same issues on many of the hiking trails. If the Turkey Creek area were to be closed I believe those same irresponsible people would just end up spreading their trash all over the Forrest. Personally I would like to see the area improved to facilitate a safe environment for shooting. If there were some dumpsters placed in the area some people might use them and it would make it easier for families like mine to clean up the mess left by others.
