Comments: The restrictions are absolutely overboard in this presentation! My family and I have been shooting recreationally and hunting in the Pike District for 20 yrs without a single incident! If you are going to be able to enforce this, you must be able to provide an incredible amount of LEO support. A lot less resources would be required to enforce the rules that are currently in place. I strongly oppose these new restrictions. Moving recreational shooting to private land only will cause more problems and not mitigate any of the current risks!
