Subject: WWW Mail: School Assignment - Possible Interview?

To whom it may concern,
My name is Melissa Mitchell, I'm a third year environmetnal biology student at Appalachian State University in Boone, NC. I've been assigned to write a mock opinion-editorial about the recent decision of the Trump administration to strip the Tongass National Forest of logging and development protection. I had a few questions I would like to ask over email if someone would be available to answer them. Thank you!
