Your decision to exempt the Tongass National Forest from the Alaska Roadless Rule is one of many reasons why I voted for Joe Biden and against Donald Trump. This decision is a disgrace. Did you even read the public comments? Because I guarantee that there were more comments against this move than for it. But the Trump Administration can't go a day without trashing or stealing any resource belonging to the American people. Yet you call Black Lives Matter protesters "looters". I hope when the Biden administration comes in this January, he rescinds this horrible decision.
Hopefully the damage done will be minimal.
Sincerely,
Marc Castro
