Comments: I would like to see a fee associated with use of the range and more structure. I do believe this is a safer alternative than allowing people to shoot at will on county roads. A fee would be reasonable and the proceeds would likely go to more county patrolling and maintenance / cleaning process. I am concerned with recreationists that stop along county roads and shoot in unsafe directions. I live adjacent to a county road and are routinely concerned with unsafe shooting conduct. I would also like no shooting signs along county roads where the orientation would endanger local residents.
