Comments: I feel that the coaster would cause an unhealthy amount of traffic on the E. Mountains Crest Rd. and that's the only way to access it is going to be the tram then I'm all for it and I would like to also know what the environmental impact is on the deer bears and other wildlife for their migration And habitat what will the impact be these mountains is getting busy enough we don't need a roller coaster of the mountain is plenty beautiful for hiking mountain biking horseback riding motorcycling and auto touring I don't believe that we need a roller coaster here put it in Santa Fe.
