Comments: I have a 13 year old daughter and support the mountain coaster. We are constantly looking for healthy outdoor activities and feel that Mountain Coasters are safe and support Sandia Peak's efforts to develop summer activities for our youth and adults alike. As our winters are becoming warmer, summer activities would allow recreation to continue at Sandia Peak. The initial plans that I saw for the Mountain Coaster seem to take the environment and wildlife into consideration; using elevated supports for the coaster to allow wildlife to pass underneath.
