First name: Chris

Last name: Schoppe

Organization:

Title:

Comments: The coaster does not fit in with the surroundings, renditions of the proposal are an eyesore. People are not permitted to erect structures, etc on public lands and neither should any other entity especially in the name of a dollar. The traffic in the area in the summer is bad enough without adding a silly attraction that people would be bored with quickly, think of the Rail Runner another boondoggle that people had high hopes for. Leave this one on the drawing board.
