Last name: Hanson

Organization:

Title:

Comments: I think this is a terrible idea. One of the unique aspects of Albuquerque is the Sandia Mountains and the experience of the quiet and beauty. Why is it that developers want to ruin things - not just for us, here, now, but for future generations. There are plenty of places to build and develop - stay away from the mountains and the river. If I wanted to live next to Disneyland or San Antonio, I would move there.
