Comments: I do not support a Roller Coaster in the Sandia Mountains. The Sandia Mountains are a wonderful natural asset for people to enjoy natural beauty and activities such as hiking and bird watching. The natural habitat is ideal for wildlife and birds. I do not want to see the wildlife disrupted. Like all man made attractions I am sure the amount of trash and disrespectful behavior associated with human activity will increase. The mountains should be for natural beauty with as little disruption as possible to the natural order of things.
