Comments: The Sandia Peak Mountain Coaster project is a great idea for the community. It will bring in alot more business for the Tram and Restaurant at the peak. It will also bring in more business to all the local businesses in the area.

The project is something unique for the area and will help with tourism too. As long as it's environmentally safe for the wildlife in the area, I do not see much of a problem with the project. I personally think it would be a great addition to the area and would check it out myself.
