Comments: Hello, I saw the information about the proposed coaster project. I think it's really cool that you are asking for community feedback. I think it is a great idea. It will bring revenue into the area in the winter and add an additional element of fun to winter activities. We love the mountains and spend a lot of time there. I think that if the project is managed well it could be done with minimal environmental impact. I am excited about this and would go all the time. And maybe it would get some less outdoorsy people up into the mountains especially in the winter.
