Comments: I am very much in favor of the Sandia Peak mountain coaster. I remember when it was first brought up a few years back but never materialized. It would be fun for everyone! Singles, couples, families - young and old! It doesn't require a skill, and would be a blast! It would bring more people to the tram and enjoy our outdoors. The tram is already built, so that is a plus. I can see no downside to this project and request it be approved. Thank you.
