Comments: Hello there,

I am writing to you about the proposed expansion of the Loveland ski area. I am not in favor of it.

It appears that this expansion will cut out part of the Bakerville to Loveland bike trail (summer)/ski trail (winter).

This trail is an excellent trail for x-country skiing. The snow collects early and skis well early due to it's aspect. I strongly oppose this expansion if it would shorten this trail.

Thank you.
