Comments: I believe this project would be a good attraction for Albuquerque and the Sandia Mountains adding year around enjoyment of the beautiful mountains. I would want the natural beauty to be respected and preserved. I live within a few miles of the peak so I would also want the preservation of our mountain communities without a lot of additional new restaurants etc so that our way of life is also protected. Certainly a few more restaurants on the 14 would benefit all the businesses without making it a fast food alley.
