Comments: PLEASE JUST SAY NO to this self-serving proposal to add more development, more noise, more people and more stress to the Sandia wilderness. This area is already besieged by its proximity to the crest highway and tram visitors. Adding a tourist attraction for the sake of increasing visitation makes no sense at all. People have plenty of opportunity to recreate in Albuquerque, with all the noise and environmental impact their hearts desire. THIS COASTER DOES NOT BELONG ANYWHERE NEAR THE, WILDERNESS!!!!!!!
