Comments: I would absolutely love to see a roller coaster on sandia peak. The dollar coasters are so much fun, and I would love to see the mountain scenery that way. I absolutely love being in the mountains, and seeing the scenery. I went on a roller coaster in Jamaica and had an excellent time. I have also been on the one in Colorado, on the Glenwood springs mountain, which is also really great. The coasters are smooth, and can go reasonably fast. My son lives in Albuquerque, so it would be exciting to be able to ride the coaster.
