Comments: I would speak strongly in favor of the Sandia Peak Ski Area Mountain Coaster Project. I believe it would give both locals and tourists a year-round reason and opportunity to visit our forest and ski area. It is a unique experience for virtually everyone to be able to enjoy the mountain from a different perspective, especially those who either don't or are physically unable to ski, hike, or bike. It would also be an economic increase to the area and the tram, which is one of our state's prized landmarks. I can't wait to see it in action. Thank you.
