Title:

Comments: Although I understand the purpose of this project, I oppose it due to the fact this is a high use recreational area. In both Winter and summer this area is used as a family friendly area for biking, skiing, hiking and camping. Many families would be impacted by the plans to log this area. The noise and pollution of the large trucks, as well as the falling timber would greatly affect the safety as well as the recreational experience. Thank you, Gretchen Schmeisser Durango Co.
