Last name: West

Organization:

Title:

Comments: Please do NOT allow this project to continue. I am an amateur mountain biker and cross-country skier and I LOVE Boggy Drawl Trail system for both these activities. I also bird watch & camp in this area. Logging at or near these sites will greatly impact my ability to enjoy these activities. Birds could even LEAVE the area because of the heavy use and logging.

Boggy Draw is a HUGE sources of tourism for our area as well as our region is known for mountain biking. Do NOT let this project continue PLEASE. Let us mountain bike & play in peace!

I support selective, limit logging and forest management efforts, but not large scale logging projects. Do NOT let this project go through.
