First name: Roy

Last name: Houtz

Organization: Mid-Valley Prospectors

Title: President

Comments: We are a Chapter of the Gold Prospectors Association of America and we have outings at the Quartzville site 19 and The galena site 23. This is as the claim owners have an agreement with the GPAA to allow their members to use the claims at these locations and if they have no place to be able to park and get down to the water to be able to prospect. This would limit who would be able to access this form that club.
