First name: Richard

Last name: Pluff

Organization:

Title:

Comments: as a member of gpaa and member of midvalley prospectors blocking off site 19 and 23 will greatly affect us being able to access the claims properly instead of boulder we would like to see either gates or post with cable and have keys to access site for our group functions and as members we will have security officers check and make sure our members pick up after themselves when we have larger group functions will have portable outhouses brought in for members on multiple day events
