Comments: I SUPPORT the project. It's a good economic engine for the resort and tourism (closest current coaster is over 200 mi to the north). I live just up the road from the resort at Los Huertes Creek and hike the Gold Eagle there every few weeks in summer. This trail goes to the coaster area; I just hope they move the trail, and not 'remove' it. A swooping coaster ride after a long hike sounds like a perfect reward! I'll definitely be hiking up that way more often!
