First name: David

Last name: Crook

Organization:

Title:

Comments: I've lived in Whatcom County since 1979 -- this is my home. I've watched the pillaging of these lands by profiteers who've no investment in our community, culture or general welfare for all of this time. Clear-cutting, coal trains, destruction of salmon streams and wildlife habitats, and more.

An environmental impact survey is critical as this project moves forward; and under no circumstances whatsoever should clear-cutting be an option.

Thank you,
-david crook
