Comments: Hi, My name is Marie. I am a resident of Whatcom County and I would like to express my support for Alternative 2 for the North Fork Nooksack Vegetation Management Project. It is my understanding that Alternative 1 involves clearcutting of 1800 acres of forest - a proposal which is outrageous in the context of a global climate crisis. I would also like to request the USFS conduct an Environmental Impact Statement to fully analyze the project's impact on the affected ecosystems.

Thank you for taking the time to consider my comment.
