Comments: For years Breau of Land Management and the United States Forest Service has and will continue to undermine Federal Laws to remove or ship Wild Mustangs to Export. This is against all that I served for, Wild Mustangs belong to the People. I served the People, not the Lobbyist, I defend the People. However the Bureau of Land Management and the U.S. Forest Service serve their own. Its against the People to remove their Mustangs from Public Lands in favor of Lobbyist. I support the People and this Nation to Protect all Wild Mustangs. Public Lands belong to the People. These Lands are for the People and the People's Wildlife.
