Comments: To whom it may concern,

I am writing in regards to the proposed Sandia mountain coaster. I am opposed to the building of this coaster. Humans are the number one reason for harmful environmental impacts. The coaster will bring and attract a high population of humans and destroy the beautiful Sandia mountains. Please leave the land alone. The high volume of human traffic will have adverse effects on the environment of the wildlife. I ask you kindly to reconsider building an unnecessary recreational project called the Sandia mountain coaster.
