Comments: The destruction and lack of respect federal agencies have had on ancestral lands, continues to be alarming. I am commenting because I AM AGAINST the mountain roller coaster. Sandia already has a ski area and many "recreating" areas. We do not need to disturb this sacred space. Listen to indigenous people of Sandia. Wildlife does not need more disturbance in their home. We can work on economic redevelopment with WHAT WE HAVE, CLIFFS AMUSEMENT PARK. Work on funding and making Cliffs a cooler place. We don't need a rollercoaster on the mountain. And the way the agency is going about it is under the public's nose. Do not build this rollercoaster in the sacred Sandia mountains. LISTEN TO THE PEOPLE OF SANDIA PUEBLO WHO ARE AGAINST THIS
