Comments: I think this is a terrible idea that will both threaten the already threatened open spaces and wilderness of the Sandias. This is sacred pueblo land and I absolutely do not think building a roller coaster is a good idea. Please do not do this for the sake of the animals living in the mountains, the life of the land, and the wear and tear. This will cause so much more litter, trash, and traffic by people who do not respect the land or the environment.
