Comments: To whom it may concern,

This is in regards to the proposed Sandia mountain coaster: this should not happen. The amount of pollution via noise, trash, and extra traffic will far exceed any benefit that can come from this proposed plan. Let's think of simple environmental impacts. What is more, the fact that this is being proposed on lands dear to the people of the Pueblo of the Sandia, I find very concerning. Were people from the Pueblo consulted on this? I could not find any information. If they weren't consulted, I think this is simply insulting. Please do not build this.
