Comments: This is blasphemy. First of all, to take sacred land from a peoples is disgusting and then to bastardize it with a roller coaster? Because that's what our dying environment needs, right? A roller coaster?! No. Leave this beautiful mountain alone!!! This land does not need more foot traffic. What this land needs is preservation! Please don't worsen our environment by polluting it with noise and increased foot traffic. These aspects of this attraction alone will absolutely have negative consequences, namely by harming the wildlife and increasing pollution among others. If this pandemic has taught us anything it is that people aren't even considerate of other human lives, let alone the environment and wildlife.
