First name: Sara

Last name: Howe

Organization:

Title:

Comments: Absolutely NOT!! Have you lost your minds?? It's bad enough this sacred land has been stolen from its original inhabitants but to defile it with this selfish capitalistic endeavor is going too damn far. Leave this mountain in peace. This is a place to come and bath in the forest, connect with nature, have quiet and solitude and be grateful for the earth. A roller coaster would destroy everything we love about this place.
