Comments: I am not in favor of Mountain Coaster. I frequently hike and run on the 10k trail and the King of the Mountain trail, for exercise, solitude, and quiet. The solitude and quiet would be ruined by the Mountain Coaster. Adding the Mountain Coaster prioritizes paid recreation over free recreation, will be certain to disturb wildlife, will greatly increase traffic on the road to the Crest, and will remove a ski run. The Sandias are simply not a big enough mountain range to support such a project without disproportionate negative impacts. The USFS motto is "Caring for the land and serving the people." This project does not "care for the land", it further degrades the land. And it does not serve the majority of people, mostly just the few who would profit from it.
