Comments: Thank you for listening! I have been absolutely opposed to this since I first heard of it. To do so will be to desecrate those lands that are so pristine and in my humble opinion, it is the WRONG USE, in the WRONG PLACE at the WRONG TIME and it will devalue the precious Sandias forever, and could lead to future, similar poor decisions to be made up there. I am 73 years old, Carlsbad, Native, lived in ABQ 65 years and this is NOT OK, will be a tragedy, for so many reasons, can be located 100 other sites, without harm, and I find it appalling that the "project" has gotten this far, without being quashed as abominable, inappropriate, despicable, damaging, and WRONG! Please reconsider, this is bad karma, bad decision-making, bad for NM and its sacred places, and an OK use in an OK location (NOT THIS ONE), I vote NO and so does my family!
