Title:

Comments: I am submitting this comment to express my objection to the proposed Sandia Mountain Rollercoaster. This project could and most likely would have negative environmental impacts to the surrounding environment, during AND after construction. This is quite honestly the most ridiculously foolish plan I have ever seen. Please consider the environment you'd be trashing and disrespecting. As a native New Mexican I am horrified and saddened to see my own government propose such a useless and harmful project. Thank you for your time please make the right decision. ~ Abigail Hedrick
