First name: Aniela

Last name: Aragon

Organization:

Title:

Comments: The Sandia mountains are sacred to the Sandia Pueblo, and should absolutely, under no circumstances should be tampered with further. Especially in efforts to exploit the traditional land for profits under the guise of "entertainment". It is time now more than ever to return land rights to Indigenous nations and respect their relationship with the earth. If this coaster is implemented I will be in great opposition, rallying friends and family to fight the construction to the best of my ability.
