Comments: As a frequent hiker of the Sandia Mountains I have the following concerns regarding the proposed Sandia Peak Ski Area Mountain Coaster:

- it will generate additional traffic, trash, and noise pollution
- the project is primarily geared towards tourists rather than locals
- it Sandia Ski Area already splits our wilderness area in the Sandia Mountains into 2 non-continuous sections and the mountain coaster will ensure that this wilderness area continues to be fragmented
- it will reduce the use of the ski area by at least 2 runs
- This is an area for ABQ and all other NM residents to "escape" from the daily city life.
