First name: John

Last name: smallwood

Organization:

Title:

Comments: I am in strong opposition to the proposal. This is fragile habitat and this company, in my own backyard, has proven to be less than exemplary environmental stewards. I have chased complaints regarding what I saw as a breach in their special use permit (cutting down 200-year old live healthy trees for "thinning." I documented this atrocity before and after. This is beyond ignorant and careless. In a simple sentence, this old growth and its underground network is crucial to our water supply. Do not let this company continue to destroy our environment for their leisure and income.
